EXECUTIVE PROFILE

Lead Product Designer with **17+ years of experience** designing enterprise software, SaaS platforms, healthcare applications, fintech solutions, eCommerce ecosystems, and AI-powered digital products. Expertise in leading end-to-end product design, including product discovery, UX strategy, user research, interaction design, prototyping, design systems, usability testing, accessibility, and developer handoff.

Experienced in partnering with Product Managers, Engineering teams, and business stakeholders to transform complex requirements into intuitive, scalable, and user-centered digital experiences. Strong background in product strategy, workflow optimization, design leadership, and cross-functional collaboration within Agile environments.

Passionate about leveraging AI-assisted workflows to accelerate research, ideation, prototyping, and product delivery while maintaining a human-centered design approach. Committed to building scalable digital products that deliver exceptional user experiences and measurable business outcomes.

CAREER HIGHLIGHTS

- 17+ years of experience in Product Design, UX Strategy, and Digital Experience Design.
- Led end-to-end product design for Enterprise SaaS, Healthcare, FinTech, eCommerce, and AI-driven solutions.
- Specialized in Product Discovery, UX Research, Design Systems, and User-Centered Design.
- Built scalable Design Systems and reusable UI component libraries for enterprise applications.
- Collaborated with Product Managers, Engineering, QA, and executive stakeholders in Agile environments.
- Improved usability, workflow efficiency, accessibility (WCAG), and customer engagement through data-driven design.
- Leveraged AI-assisted workflows to accelerate research, ideation, prototyping, and product delivery.
- Mentored designers and promoted design best practices across cross-functional teams.

LEADERSHIP HIGHLIGHTS

Throughout my career, I have consistently taken ownership beyond interface design by contributing to product strategy, stakeholder alignment, design leadership, mentoring, and delivery excellence.

Leadership Experience

- Led cross-functional collaboration between Product, Engineering, QA, Marketing, and Business stakeholders.
- Mentored junior designers through regular design reviews, knowledge-sharing sessions, and UX best practices.
- Facilitated Product Discovery workshops and UX strategy discussions.
- Built scalable Design Systems and reusable UI frameworks.
- Introduced AI-assisted workflows to improve productivity and accelerate design iterations.
- Promoted user-centered decision-making across product teams.
- Established design standards, governance, and documentation to improve consistency and delivery quality.

CORE COMPETENCIES

- Product Design
- Product Strategy
- Product Discovery
- Product Vision
- Product Roadmap Collaboration
- User-Centered Design
- Human-Centered Design
- Experience Design
- UX Strategy
- Design Thinking
- Lean UX
- Product Innovation

USER EXPERIENCE

- UX Research
- User Interviews
- Customer Journey Mapping
- User Personas
- Information Architecture
- Task Analysis
- Workflow Optimization
- Interaction Design
- High-Fidelity UI Design
- Wireframing & Interactive Prototyping
- Micro-interactions
- Accessibility (WCAG)
- Responsive Design

UX RESEARCH & ANALYTICS

- Maze
- Hotjar
- Lookback
- Microsoft Clarity
- Google Analytics
- UsabilityHub

LEADERSHIP

- Cross-functional Collaboration
- Stakeholder Management
- Team Mentoring
- Design Reviews
- Product Workshops
- Discovery Workshops
- Requirement Gathering
- Client Communication
- Design Leadership
- Product Ownership Support
- Strategic Decision Making

INDUSTRY EXPERIENCE

- Enterprise Software
- SaaS Platforms
- Healthcare Technology
- FinTech
- Banking Solutions
- eCommerce
- Manufacturing
- Digital Transformation
- AI Products
- Interactive Business Websites
- Startup Ecosystems
- B2B Platforms

AI-ASSISTED PRODUCT DEVELOPMENT

- AI-assisted Design Workflow
- Prompt Engineering
- AI-powered Ideation
- Rapid MVP Design
- AI-assisted UX Research
- AI-assisted Content Creation
- AI-supported Design Iteration
- AI-enhanced Productivity
- Human + AI Collaboration

ENTERPRISE PRODUCT DESIGN

- Enterprise SaaS
- Healthcare Platforms
- FinTech Products
- eCommerce Platforms
- Dashboard Design
- Data Visualization
- Design Systems
- Component Libraries
- Design Tokens
- Scalable Product Architecture

TECHNICAL SKILLS

- Figma
- FigJam
- Adobe XD
- Adobe Photoshop
- Adobe Illustrator

FRONTEND COLLABORATION

- HTML5
- CSS3
- JavaScript
- Bootstrap
- React (Design Collaboration)
- Vite
- Tailwind CSS
- REST API Collaboration
- Git
- GitHub
- VS Code
- Vercel

PROJECT MANAGEMENT & COLLABORATION

- Jira
- Miro
- Notion
- Slack
- Agile
- Scrum
- Design Reviews
- Sprint Planning
- Product Backlog Collaboration

AI PRODUCTIVITY & PRODUCT DEVELOPMENT

- ChatGPT
- Claude
- Google Gemini
- Cursor AI
- GitHub
- Lovable.dev
- NotebookLM
- Adobe Firefly
- CapCut AI
- ElevenLabs
- Perplexity AI

PROFESSIONAL EXPERIENCE

Lead Product Designer | AI Product Design Consultant, ZyneDigix | Jan 2025 – Present | Bengaluru

AI-powered digital experience studio delivering Product Design, UX Strategy, AI-assisted product development, and digital transformation solutions for startups and businesses.

Key Contributions

- Lead end-to-end product design from discovery to delivery.
- Conduct product discovery workshops, UX audits, and competitor analysis.
- Translate business goals into scalable digital products and user experiences.
- Design SaaS platforms, AI-powered websites, dashboards, and responsive interfaces.

Business Impact

- Delivered AI-powered digital solutions across multiple industries.
- Improved user engagement and conversion through UX optimization.
- Accelerated design delivery using AI-assisted workflows.

- Build design systems and reusable UI components.
- Collaborate with developers for implementation and quality assurance.
- Leverage AI to accelerate research, ideation, prototyping, and content creation.
- Mentor designers and establish scalable design processes.

Senior UX Designer | Senior UX Consultant, Collabera Digital | *May 2023 – Dec 2024 | Bengaluru*

Led UX strategy and enterprise product design for healthcare and large-scale digital transformation initiatives.

Key Contributions

- Designed enterprise healthcare platforms, dashboards, and administrative portals.
- Conducted UX research, discovery workshops, and usability evaluations.
- Built scalable design systems and reusable component libraries.
- Collaborated with Product Managers and Engineering teams.
- Introduced AI-assisted design workflows.
- Ensured WCAG accessibility compliance.

Business Impact

- Increased patient engagement by 30%.
- Reduced workflow completion time by 25%.
- Improved design consistency across enterprise products.

Project Manager (UX), VE3 UK | *Oct 2022 – Nov 2022 | London*

Managed UX strategy and product discovery for enterprise digital products.

Key Contributions

- Facilitated stakeholder workshops and requirement gathering.
- Defined user journeys, wireframes, and UX frameworks.
- Coordinated cross-functional teams throughout project delivery.

Business Impact

- Improved stakeholder alignment.
- Accelerated design validation.
- Reduced ambiguity during project planning.

UX/UI Lead, RSAB IT India Pvt Ltd | *Jun 2016 – Sep 2022 | Bengaluru*

Led UX initiatives for global hospitality and eCommerce platforms.

Key Contributions

- Led end-to-end product design for booking and reservation platforms.
- Designed user journeys, prototypes, and enterprise design systems.
- Collaborated with Product Managers, developers, and QA teams.
- Conducted usability reviews and accessibility improvements.
- Mentored designers and established UX standards.

Business Impact

- Improved booking experience and customer satisfaction.
- Standardized reusable design systems.
- Increased collaboration between Design and Engineering.
- Accelerated delivery through scalable UX processes.

Web Developer, ACO Technology Centre | *Jan 2016 – May 2016 | Bengaluru*

Key Contributions

- Developed responsive enterprise web applications.
- Collaborated with UX teams to implement production-ready interfaces.
- Optimized frontend performance and SEO.

Business Impact

- Improved website performance.
- Enhanced mobile responsiveness.
- Increased development efficiency.

Key Contributions

- Developed responsive enterprise user interfaces.
- Built reusable UI components.
- Improved accessibility and frontend consistency.

Business Impact

- Reduced development effort.
- Improved UI consistency.
- Enhanced user experience.

Senior Web Designer, Strategic Outsourcing Services | Mar 2008 – Nov 2013 | Bengaluru

Key Contributions

- Designed responsive websites and landing pages.
- Collaborated with developers and marketing teams.
- Mentored junior designers.

Business Impact

- Improved client digital experiences.
- Increased landing page effectiveness.
- Strengthened collaboration between design and development.

EDUCATION

- Bachelor of Computer Applications (BCA)
- Post Graduate Diploma in Computer Applications (PGDCA)

PROFESSIONAL CERTIFICATIONS

- Agile Methodologies
- MERN Stack Development
- UX/UI Design
- Human-Centered Design
- PHP & MySQL
- Frontend Web Development
